SOMMAIRE

1. Objective of the change 2

2. Field list 3

3. Rules 4

3.1. Query filter 4

3.2. Language transcoding 5

1. Objective of the change

The objective of this change is to improve the user creation process in SoitecPeople.

The current Newcomer request which generates the file for SoitecPeople retrieves the list of future employees who were hired the previous day. These future users will arrive at Soitec either tomorrow or at a future date.

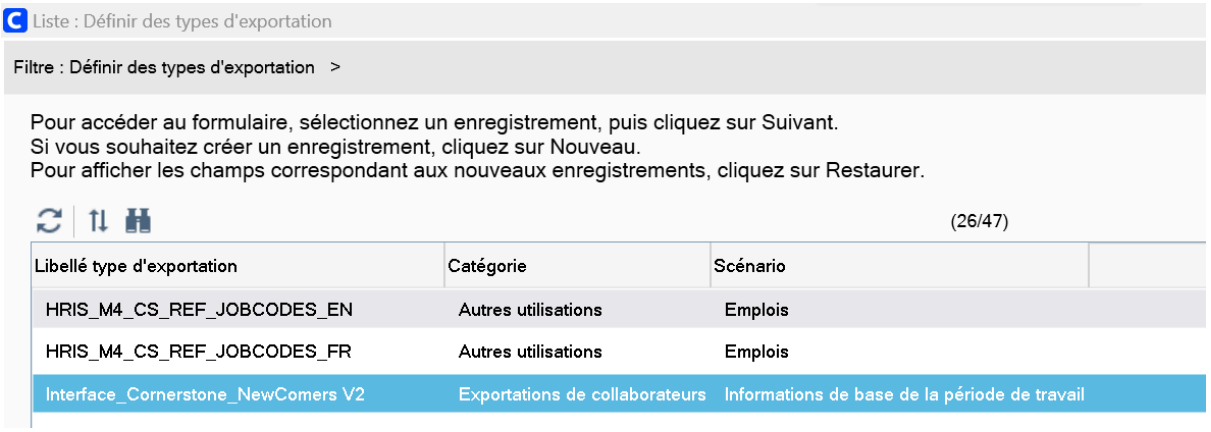
As a result, we are creating users in SoitecPeople who may arrive in 1 or 2 months' time and this is disruptive to the welcome process implemented in SoitecPeople.

We need to modify the query to retrieve the list of people :

- whose arrival date is tomorrow
- whose hiring was done today for an arrival on the same day

We are taking advantage of this modification to add a new column, Language, which will allow us to define the initial display language of the new user, who will then be able to run the welcome process in the correct language.

The query name is **Interface_Cornerstone_NewComers V2**



2. Field list

Field name in the query	Field in Peoplenet	Type
User ID	Employee ID	number
Username	Employee ID	number
First Name	First Name	text
Last Name	Last Name	text
Required Approvals	**1**	**hard value**
Division ID	Establishment code	number
Location ID	job Location code	text
Allow Reconciliation	**true**	**hard value**
Original Hire Date	Original Hire Date	YYYY-MM-DD
Last Hire Date	Start date" of the work period contract	YYYY-MM-DD
Manager ID	Employee ID of type '01' of the work unit of the employee	number
Language	**transcoded (see rules chapter)**	number

3. Rules

3.1. Query filter

Get the list of people with :

- Last Hired date = tomorrow

  OR

- Last Hired date = today
  AND
  date of hire by HR partner in Peoplenet = today

3.2. Language transcoding

If Division ID in :
- 10 (SOITEC Bernin)
- 69 (Soitec Lab)
- 74 (NovaSiC)
- 101 (Soitec SA Besançon)

Then Language = 13
Else Language = 1

Language mapping in SoitecPeople:

Acceptable Values For: Language ID	Acceptable Values For: Language Code	Language
1	en-US	English (US)
13	fr-FR	French (France)
